

Next-Generation Cytogenomics with Optical Genome Mapping

March 24, 2022 - 2.00 p.m.

Dr. Sebastian Ziemann ziemann@bionanogenomics.com

Bionano Genomics

hosted by Peter Nürnberg - Cologne Center for Genomics (CCG)

Registration link:

Agenda

- Introduction of Optical Genome Mapping (OGM)
- Saphyr Workflow
- Next-generation cytogenetics
 - Constitutional Application and Genetic Diseases
 - Solid Tumors
 - Heme-Onc Application
- Discovery research: stem cells QC & genome assembly
- Conclusions and Q&A

Registration: <https://cmmc-registration.uni-koeln.de/cmmc-webinar-bionano>
